ABOUT ME

IT Instructor at ETEC Center teaching programming languages and modern frontend development, with hands-on experience building full-stack web and mobile applications. Teaches HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, and React.js, and has practical experience in backend development with Node.js, Express, NestJS, Laravel, and TypeScript, as well as Next.js and Flutter. Skilled in REST APIs, JWT authentication, and Bakong KHQR payment integration.

EXPERIENCE

IT Instructor

ETEC Center – 2025 – Present | Phnom Penh, Cambodia

- **Frontend Development:** Teach students to build responsive websites using HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS, and React.js (components, props, state, hooks, Router).
- **Programming Languages:** Deliver structured training in C, C++, and JavaScript, covering core algorithms, data structures, logic building, and Object-Oriented Programming (OOP).
- **Database Fundamentals:** Teach relational database design with MySQL, including schema structuring, indexing, and SQL queries using MySQL Workbench.
- **Teaching Practice:** Prepare lesson plans, live-coding demos, exercises, and hands-on mini-projects, and give students feedback on their code.

PROJECTS

Full-Stack E-Commerce & Payment Systems

- Built backend services with Node.js, Express, and NestJS, with JWT authentication and authorization.
- Integrated Bakong KHQR payments and Telegram Bot API notifications.

School Management System

- Developed a system to manage students, classes, and academic records, with REST APIs, a relational database, and a responsive frontend.

Portfolio & Web Applications

- Deployed a personal portfolio at vuthin007.com, with web and mobile interfaces built using React, Next.js, Tailwind CSS, and Flutter.
